Head Teachers Section

Dear Parents and Carers,

It's been another exciting few weeks at school, with lots of wonderful learning going on as we head towards the Christmas break.

I have to start by thanking all of the children and staff for putting together such a wonderful service at Trinity Church yesterday. The children did us all proud and I was blown away by the performance skills of all who took part. A special thank you has to go to the staff team, who have worked incredibly hard to prepare the children for the various songs and performance aspects of the service. I hope those of you who attended enjoyed the service and please do take the time to have a look through some of the photos we captured in the section below. I also wanted to extend a thank you to our fantastic parent volunteers who helped us walk to and from the church in a safe and orderly manner. Without your support, events like the Christmas Service simply wouldn't happen.

Website

Unfortunately, our current website provider 'SchoolZine' is closing down their UK branch towards the end of 2025, meaning we are in the process of looking for a new website. I have decided to do this next term, with the aim of having our new website up and running by February half term. I will be providing more information on this as due course.

Attendance

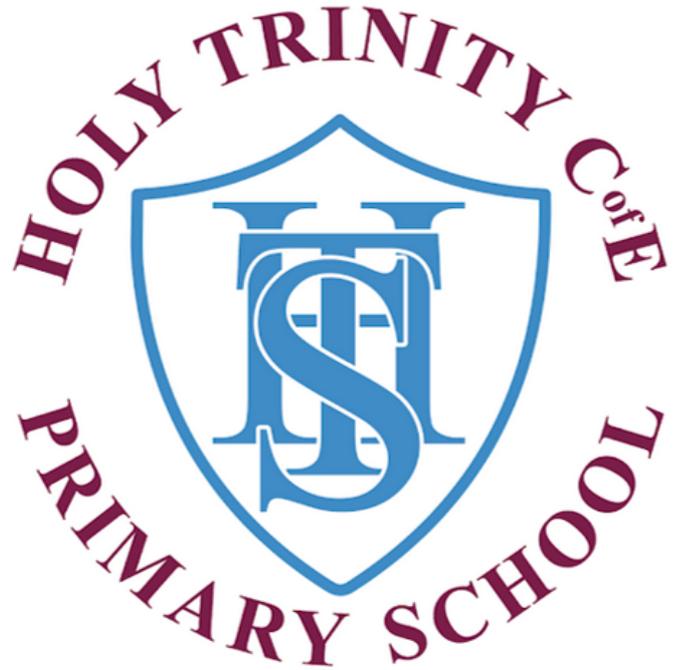

As some of you will know, we have been closely monitoring attendance and punctuality this term and have been in contact with any families regarding this and support school can provide. After the Christmas break, we will be sending out routine attendance letters to some parents and carers where we have cause for concern, which will inform you of your child's attendance and a 'missed minutes' report for anyone who is persistently late to school. As always, we are keen to work with families to ensure the children are attending school on time, as much as possible.

Curriculum Updates

A sincere thank you to those of you who either attended the curriculum coffee morning or responded to our curriculum offer survey. These insights have been really valuable and many suggestions have been included in our revised curriculum approach for the new academic year. This will be formalised in the new year and shared with our community in due course.

Best wishes,

Mr David Le Templier
Head Teacher
